

The logo for BPS Resolver features a stylized blue and orange circular graphic on the left, resembling a globe or a network. To its right, the text "BPS Resolver" is written in a bold, dark blue sans-serif font.

**BPS Resolver**

# IFRS Compliance Manager

**BPS Resolver** helps companies plan for and manage their GAAP to IFRS conversions. **IFRS Compliance Manager** comes pre-loaded with an IFRS conversion impact assessment and management templates that equip you with the basics for your plan. While many applications are simply an Impact Assessment, or basic project management, our IFRS Conversion Software guides you through the entire process creating efficiencies by leveraging redundancies with other areas of internal control.

Our long standing partnerships with all of the Big 4 accounting firms means that there are skilled resources around the world ready to help you.

A good **IFRS Conversion** must be carefully planned, well managed, and extremely flexible. IFRS Regulations change frequently as they mesh with both Canadian and US GAAP. The adjustments that companies must implement range can be as small as the change of a single control or as large as the redeployment of an entire IT system or inventory process. **BPS Resolver IFRS Conversion Manager** gives you the flexibility you need, no matter what your situation.

- Use pre-configured, tested best practice reports.
- Use the Impact assessment template to guide your assessment and deliver concise results that flow seamlessly into the conversion project
- IFRS Conversion Manager goes beyond impact assessments to provide you with pre-built template to capture gaps and the critical parameters you need to plan your conversion.
- Pre-built gap templates include:
  - IT changes
  - Control Changes
  - Policy Changes
- Executive Dashboards will show progress, critical information, risks, and actions. Easily convey this information to decision makers to get the support you need
- Simple, easy to use interface. Who needs complicated? IFRS Conversion Manager will make your life better.
